## SKILLS

---

C | C++ | Java | MySQL | Html | CSS | Javascript | Data Structure | Algorithm

## PROJECTS

---

**Home Rental System** 📄 04-2022 – 06-2022

**Technology Used :**

Html , CSS, JavaScript, NodeJS & MySQL

**Description :**

- The primary objective of the project was to provide a platform for rental-home seekers to find a suitable house easily.
- The system provides a search interface that allows users to filter their search results by location, price, and other relevant parameters
- The system allows landlords to post information about their available properties, which increases the number of options available for seekers

**Personal Portfolio Website** 📄 10-2022 – 11-2022

**Technology Used :**

Html, CSS , Javascript

**Description :**

- Used 50% Html. 30% Css and 20% Js.
- A personal portfolio website was a digital showcase of my work, skills, and achievements.
- It includes sections such as bio, education, work experience, skills, and projects.
- The website serves as a tool to establish a professional brand, create an online presence, and showcase skills to potential clients or employers.

## ACHIEVEMENTS

---

**Leetcode** 📄

- Solved over **350+** coding problems on LeetCode and achieved a ranking of **120000**.
- Participated in **27+** coding contests and consistently rated over **1550**.

**100 Day's of Code** 📄

Successfully completed CodeIN Community's 100 Days of Code Program which helped me to develop **Consistency**.

**Innovative India Coding Championship** 📄

Successfully Cleared Round 1 of IICC Organised by Aicte and Coding Ninja. Also Participated in Round 2
